CERTIFIED MAIL-RETURN RECEIPT REQUESTED

Dear Mr. Tymiak:

Our letter of April 24, 1986, addressed to Mr. William R. Tobin, P. E. requested that information be submitted and that preventative measures be taken before the City of Houston could grant approval of the wastewater discharge permit for the South Cavalcade Site, near 2000 Cavalcade Street. In your letter of May 5, 1986, you submitted the following information:

- (1) The legal name, corporation head and mailing address of the company responsible for clean up of the site are as follows:

Mr. S. Michael Tymiak, P.E.  
Manager, Previously Operated Properties  
Koppers Company, Inc.  
1928 Koppers Building  
Pittsburgh, PA 15219

- 2) Should the results of the analyses be unacceptable to the City, the wastewater will be disposed at Chem Clear, Inc. of Baltimore MD and DuPont's Chambersworks facility in Deepwater, NJ.
- 3) A pump will pump all spills into an additional holding tank or drums.
- 4) The two (2) holding tanks are equipped with liquid level indicators.
- 5) A sample will be taken from each tank and analyzed for the required pollutants. The results will be submitted to the Industrial Waste Section, prior to discharge, for approval.

This information is acceptable and complies with our request. You may now apply for the temporary discharge permit. Please note that this will be a temporary permit that will be valid for a period of six (6) months from the date of issuance.

Should you have any questions, please contact Dr. M. T. Garrett at 630-6048.

Sincerely,

C. J. Smith, P.E.  
Deputy of Utility Operations  
Department of Public Works
